

Letter to the Editor

Donald P. Sterling Makes Announcement

My name is Don Sterling. I have lived in Citrus County for 13 years. I made a personal decision to become active in my community. I have a strong desire to represent the citizens of Citrus County as the best choice as County Commissioner for District 4. This letter is written to express my gratitude for the individuals who have graciously allowed me to discuss my views on local political issues and shared with me their own concerns for our future.

I have met many people who have offered encouragement for my efforts. It is not easy to run a campaign without the support of special interest groups. It is not easy to walk door to door, the old fashioned way to meet and greet the public. It's not easy scheduling visits at the many community events within the entire county. But it is rewarding to know that I have learned more of the spirit, intelligence, and diversity of our area.

I want to thank the residents who have given me time to talk. I want to thank the many club organizers that have provided time on busy schedules to address their members. Finally, I want to thank the management of Stokes Flea Market in Lecanto, Howard's Flea Market in Crystal River and the K-Mart Store in Inverness, for providing a free public forum where I have been able to chat with so many friendly people. I look forward to talking with anyone who cares about the direction of Citrus County. I will be the voice of reason, the force for integrity.

Sincerely,
Donald P. Sterling
